RULES OF PROCEDURE

*Strafford Regional Planning Commission
Strafford Metropolitan Planning Organization, and
Strafford Economic Development District*

Meeting Etiquette

Be present at the scheduled start of the meeting.

Be respectful of the views of others.

Ensure that only one person talks at a time. Raising your hand to be recognized by the chair or facilitator is good practice.

Do not interrupt others or start talking before someone finishes.

Do not engage in cross talk.

Avoid individual discussions in small groups during the meeting. When one person speaks, others should listen.

Active participation is encouraged from all members.

When speaking, participants should adhere to topics of discussion directly related to agenda items.

When speaking, individuals should be brief and concise when speaking.

The Strafford Regional Planning Commission & Metropolitan Planning Organization holds both public meetings and public hearings.

For public meetings, guests are welcome to observe, but should follow proper meeting etiquette allowing the meeting to proceed uninterrupted. Members of the public who wish to be involved and heard should use venues such as Citizen Forum, Public Hearings, Public Comment Periods, outreach events, seminars, workshops, listening sessions, etc.

DATE: April 10, 2026
TO: Executive Committee Members
FROM: Jen Czysz, Executive Director
RE: Director's Report for the April 17, 2026 Meeting

2. Non Public Session: RSA 91-A:3, II(a) - *The dismissal, promotion, or compensation of any public employee or the disciplining of such employee, or the investigation of any charges against him or her, unless the employee affected (1) has a right to a public meeting, and (2) requests that the meeting be open, in which case the request shall be granted.*

3a. March 20, 2026 Minutes - Refer to enclosure. Non-Public Minutes from the February meeting will be provided separately to committee members.

3b. Accept the Draft February Financials (enclosures)

Balance Sheet: At the end of February our bank register balances were low, however, actual balances were higher given the timing of transactions and through strategically holding contractor checks pending reimbursements. The checking and savings total actual balances were \$97,981.21 and \$1,022 on February 28. We have continued to be able to operate without utilizing the line of credit.

Accounts Receivable: Of the \$285,674 due at the end of February, \$178,630 was the current month's billing. \$92,015 was received in March leaving a past due balance of \$15,028. The largest share of this past due balance is attributable to delayed payments from the City of Dover for its Hazard Mitigation Plan. The funds for these outstanding invoices were received in April.

Profit and Loss and Income by Customer: February marked an improvement with the month essentially breaking even, a net income of \$234. While not nearly enough to make up the year's loss, it is a step in the right direction. Much is due to the strong billing against contracts for the month, \$195,240. Year-to-date is still grim, with a net loss of \$89,604.

4a. Health Insurance Policies

For the last several years SRPC has offered 3 different health plans. All three are increasing in cost, at different rates. Plans 1 and 2 will only have 1 person enrolled in each at the end of this FY and are the most costly plans. Even with Plan 3 seeing a higher rate increase for FY27 compared to the other plans SRPC offers, and with slight reductions to the SRPC cost share for plan 3, it remains the lowest cost plan for both employees and the organization. HealthTrust only offers two plans that have lower premiums than plan 3. The ABSOS30 plan can not be selected if we retain Plan 3. The other is a high deductible plan, that has a high risk of costing more for both SRPC and the employees due to the deductible.

4b. Draft FY2027 Budget

The meeting packet will be updated next week to include a draft budget.

4c. Awards, Contracts and General Business Update

Refer to enclosures. Staffing update – We have hired a new finance manager who has been working alongside Kathy who will be retiring on April 30. Vickie Blackden is a former finance manager for the Town of New Durham and accountant for the City of Dover. Additionally, Owen Corcoran, regional planner, resigned. We had a very successful hiring process and have extended an offer to a candidate slated to start on May 4.

4d. March Minors

Refer to enclosures.

NEXT MEETING: May 15, 2026 8 AM. – 9:00 A.M.

SRPC EXECUTIVE COMMITTEE MEETING

February 20, 2026

8:00 a.m. to 9:00 a.m.

Hybrid Meeting (Conference Rm 1A & via Zoom)

1. Welcome and Introductions

At 8:00AM, Chair Paul Rasmussen called the meeting to order and asked for introductions. Present: P. Rasmussen, Durham; Michael Bobinsky, Somersworth; Mark Richardson, Somersworth; Joe Boudreau, Rochester; Michael Lehrman, Durham; Steve Stancel, Wakefield.

2. Non-Public Session per NH RSA 91-A:3, II (a)

At 8:05AM, P. Rasmussen motion to go into Non-Public Session per NH RSA 91-A:3, II (a). M. Lehrman seconded the motion. All members voted in favor by roll call; the motion passed.

At 8:25AM, J. Boudreau motioned to come out of non-public session. M. Bobinsky seconded the motion. All members voted unanimously in favor by roll call. Motion passed.

3. Action Items

a. Appointment of Vice Chair

J. Czys shared that Peter Nelson resigned from the Commission in December which leaves an opening for a Vice Chair and also leaves a vacancy for a regular member. After a brief discussion, P. Rasmussen moved to appoint Steve Stancel as a regular member. M. Richardson seconded. The motion passed unanimously.

M. Bobinsky moved to appoint M. Lehrman as Vice Chair. S. Stancel seconded. The motion passed unanimously.

b. December 19, 2025 Public and Non-Public Minutes

Following a motion and a second to approve the December 19, 2026 minutes, all members voted unanimously in favor. Motion passed.

c. Acceptance of Draft December Financials

J. Czys presented the draft December financials and noted that December was the first month of the fiscal year to close in the black. She explained that January will likely reflect higher leave usage and a slight decrease in direct billable hours. J. Czys provided an overview of billable hours, leave time, and how these factors influence the operating deficit. She added that staff are aware of the current deficit and that indirect salaries should not exceed 30-33% of total salaries; currently, they are approximately 38%.

A brief discussion followed regarding billable hours, grants, and indirect costs. It was noted that when there is a clear opportunity to pursue funding, staff may charge indirect

time to move the effort forward. However, if it appears there is no viable path to reimbursement, we may decide not to pursue the work.

There was also discussion around expectations for billable hours, including how many hours are needed from each billable employee. J. Czysz clarified that this is not a strict requirement but a guideline to support financial stability. J. Czysz also described the process for completing timesheets, which are submitted through an external platform and imported into the accounting system every other week during payroll. Additionally, she noted that some grant pursuits build upon existing work, allowing staff to direct-bill portions of grant preparation when appropriate.

M. Bobinsky moved to accept the December financials. M. Towne seconded. All members voted unanimously in favor. Motion passed.

d. Recommend approval of the Amended Mid-Year Budget

J. Czysz provided an overview of the amended mid-year budget and said we optimistically could break even by the end of the year, as long as we meet our billable hour goals and have a stronger second half. The updates mainly reflect grants that have since been confirmed, changes in project contracts, and adjustments to salaries to cover leave and temporary staffing needs. On the expense side, a few computers failed earlier than expected, audit and accounting costs increased by \$10,000, and some project-related contract costs shifted based on current needs.

There was discussion regarding changes in dues revenues, municipal contracts, and other agreements. The group also talked about options for leasing equipment instead of purchasing it, as well as the possibility of joint purchasing with other regional planning commissions—such as sharing the cost of traffic counters—which could provide volume discounts.

M. Bobinsky moved to approve the amended mid-year budget seconded by J. Boudreau. All members voted unanimously in favor. Motion passed.

4. Updates and Discussion Items

a. Awards, Contracts, and General Business

J. Czysz provided a brief summary of the contracts, and stated that our indirect rate is trending in the right direction. We are down another three percentage points, so we're down to 124%, still need to get to 112%.

b. February Minors

C. Lentz provided a brief update of the February minors and state there are only a few changes:

- Inflation change to a project in Barrington, to address the US 4 red list bridge over Oyster River and a culvert west of Topaz Dr in Barrington.
- Culvert replacement/rehabilitation & drainage repairs.
- Environmental commitments for post-construction obligations.

5. Other Business

There was no other business.

6. Adjourn

At 9:00AM, following a motion and a second, all members voted unanimously in favor to adjourn.

Respectfully submitted,
Megan Taylor-Fetter

1. Checking/Savings: Contractor checks (73,600) are being held until reimbursement is received, and all FY26 dues have been received. In November, \$25,000 contract revenue in advance was received from NHCF for a regional plan climate chapter, which was transferred to checking. Additional NHCF funds in advance of \$217,825 were received in March for three new projects and were deposited to savings. The LOC from First Seacoast Bank has been extended until 5/31/26.

 2. Accounts Receivable: See the Accounts Receivable Aging Summary Comments for details.

 3. Prepaid Software: In the previous fiscal year, ESRI was renewed in January for \$6,845, and was renewed in February this fiscal year for \$5340.

 4. Undeposited Funds: In the prior fiscal year, this amount represents invoices paid in February but not yet deposited to the checking account.

 5. Accumulated Depreciation: The balances for this account are cumulative. The difference from prior year reflects the additional depreciation taken at approximately \$385 per month for the Pyro Traffic Count System, the AI Traffic Counter, and the Lenovo server.

 6. Right of Use Asset: Effective for fiscal year 2022, a new Government Accounting method was introduced, called GASB 87. It requires total lease payments (our office space) to be recorded as a liability, and a monthly expense is recorded as Amortization. The monthly amortization for the new lease, effective 8/1/25 is \$2,280.05 per month for 48 months.

 7. FSB Credit Card: In the current year, two new computers were bought for \$2,935. In addition, \$1,500 was paid for TransCAD support in February, which was paid in April of the previous fiscal year.

 8. Building Lease Liab Current: The total office lease payment for this fiscal year is split between this account and the Rent Expense on the profit and loss statement. The lease payment for February was allocated as \$2,123.27 to amortization and \$376.73 to rent expense.

 9. Contract Revenue in Advance: Current year balance: MID Zoning \$10,000, ROC RFP \$3,923, NHCF \$37,353, Sunrise Lake \$6,620 and EDA (\$6,503). In the prior year, revenue in advance was received from the NHHFA contract, which was completed in September, 2024. Advances are generally deposited to savings. Invoices are billed monthly to income on the profit and loss, offset to the Contract Revenue in Advance balance, and those amounts earned/invoiced are then transferred to the checking account, as funds allow.

 10. FSA Payable: This balance is the difference between payroll deductions collected and invoices received from HealthTrust for FSA eligible expense claims.

 11. Building Lease Liab Non Current: This reflects the amount of lease payments in future fiscal years. The lease liability for fiscal year 2025 is reflected in the current liability account. (See discussions Building Lease Liab Current).

 12. Accrued Expenses: Accrued Payroll and Accrued Vacation balances have been adjusted for FY25 and reflect wages paid in FY26, but worked in FY25, and half of the Paid Time Off (PTO) hours accrued by staff at 6/30/25. These amounts are adjusted at year-end as part of the fiscal year close-out. The audit accrual is based on the CBiz FY25 audit engagement letter, which stated this year's audit costs will be \$28,000. Audit costs are currently being booked at \$2,333.33 per month. The Annual Audit Accrual account is reduced as actual invoices from the auditor are paid. This fiscal year, we have been invoiced and paid \$25,620 of the audit fees for this year at the time of this report.

-
1. Municipal revenue: FAR Tax Maps were for this year were completed in November. MIL CWSRF was finalized in November of this year. The NKT MP contract was completed in February. The NKT HOP2 and the NOT HOP2 are new for this fiscal year. The SOM HOP2, Vision, Econ Dev and Hist/Cult/Res contracts are new for this fiscal year. The SMPDC InterReg Housing (Aug 2024) was new for this fiscal year and the project was completed in October. NHCF GB2030 Milton Watershed was finalized in February.

 2. State Awards Revenue: Given the changing nature of the state contract "portfolio", it is hard to compare each contract from one fiscal year to another. The Coastal 2025 concluded in June 2025 and the new Coastal #6106 was sent to G&C late, and work was started in November. NKT Riverfront was finalized in June 2025. Cocheco Riverfront is billed based on a percentage of tasks completed. The LSWP grant concluded in May 2025 and no funding was granted for this fiscal year. UNH Great Bay Adapts and Evolve CAW Practice concluded in July of this year. The UNH BAR, NOT, STR PREPA and PREP Environmental grants are new for this fiscal year. The Pre-Disaster Mitigation contracts for this fiscal year are now being issued to the individual towns/cities, and SRPC is being hired as the subcontractor.

 3. Federal Agencies: The Federal contracts are primarily contingent on the receipt of contractor invoices except EDA which is paid in quarterly advances.

 4. MPO Revenue: The new UPWP contract started 7/1/25 for another two-year cycle and is expected to be fully expended by the fiscal year-end.

 5. Personnel Expenses: In the prior year, there were 17 staff members on payroll. This fiscal year there are 16 staff members, with one staff member receiving Workers' Compensation benefits since April, one staff member on STD from mid-Oct to late Jan, and one staff member out on Paternity Leave beginning in October and working intermittently part-time through January. The PFML premium was paid in January of the previous fiscal year, but in February in the current fiscal year.

 6. Office Furniture: In the current fiscal year, two computers were purchased.

 7. Library and Planning Books: PLUR books were paid for in February of the current fiscal year, but were paid in March in the previous fiscal year.

 8. Pass Through Expenses: These costs are contingent on contracts in effect, and the timing of contractor invoices for each month.

Profit & Loss Budget vs. Actual
July 2025 through January 2026

4:18 PM

02/25/26

Accrual Basis

1. Budget vs Actual: This report includes the approved mid-year adjusted budget figures.
Revenues: Differences are mostly attributable to the timing of project work performed versus budgeting on an even monthly basis for the months the contract is in effect. Many projects are task-based and cannot be billed until a specified percentage of task completion, which may not coincide with the monthly budget revenue spread. Billing is also contingent upon receipt of contractor invoices for several projects, where SRPC administration of the project is minimal. Also keep in mind that the gross revenue figures include any match requirements for each project.

2. Municipal Revenue: The BRK MP update was completed in December and costs came in under budget. The MID Zoning Update project was contracted and invoiced in advance in January, but was budgeted to start in December. The NKT HOP2 is budgeted at \$6,467 per month, but has only been billed for July, August, and January. The NOT HOP2 is budgeted at \$1,000 per month starting in July, but was billed for 5 months at significantly less than the monthly budget amount for 3 of those months. The SOM HOP2 is budgeted at \$5,667 per month, but is only averaging \$3,570 per month. Work began on the SOM Vision/Trans Master Plan contract in Aug, but was budgeted to start in July. Work began on the SOM EcDev MP in October, but was budgeted to start in July. The STR CR is budgeted at \$3,167/mo, but is averaging \$2,343 per month. SMPDC came in on budget when you consider the match component of \$4,650. The GB Signage project is paid in advance, and all funds are expected to be spent down by the end of the contract period. The Reg Plan Climate Action grant funding was received 11/25, and is contract revenue in advance, and was budgeted to start in September but work has not started.

3. State Award Revenue: The Costal 26 grant is set to be heard by G&C in December, but an election was made to make it retroactive to July 2025. The contract was set up and work began in November, but was budgeted to start in July. PREPARE is budgeted for \$2293 per month starting July, but was not billed in July, September, or December. The CFR II contract was budgeted to start in July at \$812 per month, but is averaging only \$373 for the seven-month period. Cocheco River Mgmt is budgeted at \$2,149 per month, but was not billed for October or December, as the contract is task-based for billing purposes. Sunrise Lake is budgeted at \$5,733 per month, but was not billed in November. Great Bay Adapts and Evolve CAW Practice concluded in July of this year. UNH PREPA (#5211-5214) were budgeted to start in July, but BAR and STR were not billed until August, and the Environmental Project was not billed until September.

4. Federal Agency Revenue: EDA is paid in advance, and currently costs have exceeded the advanced reimbursement. The EPA Brownfields, HUD and USDA grants are mainly contingent on the receipt of contractor invoices. The USDA work was concluded this month.

5. MPO Revenue: The UPWP was budgeted at \$60,736.66 per month, but is averaging about \$51758 per month.

6. Personnel: Salaries and Wages were spread evenly over the 12-month period. Actual utilization of interns may not coincide with the monthly budgeting of these salaries. Health benefits and Pension expense were estimated and may not reflect actual staff utilization. In addition, staff members have been out on Workers' Compensation, STD, and PFML. Only STD wages are recorded on SRPC's books, and are offset by HealthTrust STD reimbursement payments.

7. Computer Equipment: 3 additional computers were invoiced and shipped in July, and an additional laptop purchased in November, and another in January. Equipment costs are spread evenly over the 12-month period which may not coincide with actual expenditures.

8. Office Software: Costs are spread evenly over the 12-month period, and may not coincide with actual expenditures.

9. Traffic Count and Transportation Database: This cost is spread evenly across the 12-month period, and may not coincide with actual purchases and invoices. The INRIX database and EcoInteractive Transportation Database were billed for this fiscal year in Sept. It is anticipated that traffic counters will be replaced over the next month or two.

Accrual Basis

10. Fixed Expense: See Balance Sheet note, Right of Use Asset to explain Amortization and Rent variances to budget. All lease payments were budgeted as Rent, rather than being split out.

11. Library & Planning Books: This cost is typically paid in January, but was paid in February this year. The cost is budgeted over the 12 month period.

12. Meeting Expenses: These costs are budgeted evenly over 12 months and may not coincide with actual timing of costs. In addition, annual dinner fees collected in the amount of \$1,077 were offset to this cost.

13. Office Expense: Office Expense and Office Supplies budget amounts are reflected on the Office Supplies line at \$500 per month, and spread evenly over the 12 months.

14. IT Support: Costs are spread evenly throughout the year, and may not reflect the timing of costs for additional support that may be needed throughout the year. July costs included Windows 11 upgrades to all computers.

15. Pass Through Expenses: These expenses are contingent upon receipt of contractor invoices. Costs are distributed evenly over the course of the estimated contract dates and may not agree with the timing of actual costs, invoices received, or actual contract start dates.

Awards, Contracts, and General Business Updates

Indirect Cost Rate

SRPC’s approved indirect cost rate is 112% and in effect for FY2026-2027. As of February 28, 2026, we are operating at 123%. The trend is moving in the right direction. The FY2026 year end will be used to set future rates. Long term it would be good for this year to end high so to have a more realistic rate in future years.

RE: April 2026 Minor Revisions to the 2025-2028 TIP

Dear Mr. Watson:

The Strafford Regional Planning Commission (SRPC) staff has received a request to approve the April 2026 Minor Revisions to Strafford Metropolitan Planning Organization's approved 2025-2028 Transportation Improvement Program (TIP).

The following information is in the Strafford MPO Prospectus that was revised and adopted on January 19, 2018, at the Strafford MPO Policy Committee Meeting:

In the Strafford MPO the Executive Director has the authority to review Administrative Modification and/or Informational Revisions. The Executive Director may request the advice of members of the MPO Technical Advisory Committee to complete this review. The Executive Director may make recommendations to the Executive Committee for their concurrence or non-concurrence with Administrative Modifications and/or Informational revisions and for a procedural change from Administrative Modification and/or Informational Revisions to Amendment. The Executive Director will issue a letter to the NHDOT indicating their decision. Copies of these letters will be provided to members of the TAC and MPO.

The Executive Director recommends the approval of the following Administrative Modifications to the 2025-2028 TIP as proposed.

Sincerely,

Jennifer Czysz, AICP
Executive Director
