

FRIENDS OF LEE: OUR NATURAL RESOURCES NEED YOUR VOICE!

DO YOU LIVE/WORK/PLAY IN LEE?

The Strafford Regional Planning Commission, in partnership with the Town of Lee, is conducting a Natural Resources Inventory (NRI)! We want to hear your opinions on Lee's natural resources. Do you **recreate** on Town **trails**, or **enjoy** Lee's **conservation lands**? Do you want to **protect threatened species**? Sharing your thoughts will ensure our natural resources are managed in a way that aligns with the needs and desires of the community for years to come. *See how you can engage below.*

COMMUNITY WORKSHOP

When: April 9th, 6:30 PM

Where: Lee Public Safety Complex.
20 Bennett Road, Lee, NH 03861

Join members of the Conservation Commission, Town staff, and partners at the Strafford Regional Planning Commission at a meeting of the minds to **plan for the future of Lee's natural resources**. We've planned a fun night of activities, with **free refreshments**! The **event is free** but registration is requested. **Scan the code** or click the link to **RSVP**.

MORE ABOUT THE PROJECT:

The **Town of Lee** is working with the **Strafford Regional Planning Commission (SRPC)** to develop a comprehensive plan for resource management and land use that balances community interests, integrates local and regional goals, and is based on the most up to date and best available science. The end result will be a **Natural Resource Inventory (NRI)** that reflects current data and high value land use management priorities. This document will support **proactive land use planning & decision-making** in Lee.

Photo Credit: Catherine Fisher

The project seeks to **identify** Lee's critical natural resources, **build consensus** among community members around management approaches, and **create** an implementation plan.
